### ***About China Feed Industry Expo***

2024 China Feed Industry Expo is organized by China Feed Industry Association (CFIA) and supported by Ministry of Agriculture and Rural Affairs of P. R. China. The 1<sup>st</sup> edition of the expo was held in 1996, in the past over twenty years, the feed expo was held in different cities of China in turn every year.

It has become a well-known international brand show, a quite influential trade show in China and even global feed industry. Tens of thousands of professionals, purchasers from feed product enterprises, feed additives and

feed ingredient enterprises, scholars, journalists and governmental officials have been attracted from home and abroad to attend the show.

2023 China Feed Industry Expo has held in Nanjing, China. It achieved acclaim and unprecedented success. The display area is 72000 sqm, attracted over 600 exhibitors and over 30000 professional visitors from all over the world.

2024 China Feed Industry Expo will be held from April 18 to 20, 2024 in Xiamen. The display area is around 80000 sqm, with exhibits covering the whole industry chain, including Feed, Feed additives, Feed ingredients, Feed processing and packaging equipment etc. We expected over 700 exhibitors and 50000 professional visitors will be coming. Concurrently we also will have the Coarse Fodder Conference, Biological Feed Conference and Pet Feed Conference during or before the expo, it will attract more than 2000 participants.

It is an excellent opportunity to share your experiences and take business in China!

### **[About Organizer](#)**

China Feed Industry Association (CFIA) was founded in 1985. As an independent social corporate body, CFIA is a non-profit organization consists of memberships from enterprises, agencies, organizations or institutions involved in Feed, Feed Processing industry and relevant fields.

During the past over 30 years, CFIA was making all its efforts to become a bridge among government, feed enterprises, research institutions and farmers, by fully following association's constitution. CFIA has already turned into a major power to enhance the safety development of China feed industry.

CFIA hammer at international communication and co-operation, enhance the feed development activity. In 2020, CFIA representing P. R. China, joined International Feed Industry Federation (IFIF) as executive member states and established relationship with feed associations all over the world.
